

# IMET 2000 PAL

International Medical Education Trust - Palestine

Issue 15, May 2017

The overall mission of the Palestinian Health Sciences Education Centre is to provide high-level professional education services to support and enhance the learning capacity of all involved in health science education and service delivery as a continuing lifelong learning experience. In doing so, it will undertake research and development to pioneer and exploit all modalities of the IT revolution including video-conferencing, telemedicine, website learning and internet connections and vehicles such as Moodle, aspiring to establish an international reputation as a center of excellence, eventually to have a major impact on patient care in Palestine.

## IMET2000-PAL Organised BLS

### Workshops

20-21 /5/2017

In cooperation with the Palestinian Ministry of Health, IMET2000-PAL organised a training course for doctors and nurses working in Tubas Governmental Hospital at the Arab American University / Jenin. The training lasted for two days, 20 doctors and nurses attended from different departments of the hospital. The workshop aimed to bring doctors and nurses with the latest updates in Basic Life Support (BLS). The participants were also provided with practical training on CPR. At the end of the session, Mr Zaben and Dr Mohamed Obaidallah thanked the Participants for their attendance.

## IMET2000-PAL Organised the third BLS Workshop in Jenin

IMET2000-Pal organised a training for doctors and nurses in Critical Core Training: Basic Life Support (BLS) in Ramallah/Arab American University, 10 doctors and nurses attended the training. The course was led by Mr Fayes Abu Ghannam(AHA) and Mr Fared Abu Al-Lail (AHA). It focused on bringing doctors and nurses with the latest updates and applications of cardiopulmonary resuscitation, as instructed by the American Heart Association.

## Meetings

Mr Fadi Zaben, head of the General Education Department at IMET2000-Pal met the General Administration of Nursing in the Palestinian Ministry of Health. This meeting explored avenues of future collaboration and identified areas of nursing education needs. It has been now agreed that IMET2000-Pal will extend its training activities to serve this important sector.

## UPCOMING ACTIVITIES Basic Life Support for Physicians and Nurses
