

MET 2000 PAL

International Medical Education Trust - Palestine

Issue 25, October 2018

The overall mission of the Palestinian Health Sciences Education Centre is to provide high level professional education services to support and enhance the learning capacity of all involved in health science education and service delivery as a continuing lifelong learning experience. In doing so, it will undertake research and development to pioneer and exploit all modalities of the IT revolution including video-conferencing, telemedicine, website learning and internet connections and vehicles such as Moodle, aspiring to establish an international reputation as a center of excellence, eventually to have a major impact on patient care in Palestine.

Nursing Leadership and Management Skills Training

September 22, 2018; IMET2000-PAL in-cooperation with the Palestinian Nursing and Midwifery Association- Bethlehem Branch organised the first session of Nursing Leadership and Management Skills Training. The workshop was attended by around 20 nurses from governmental and private hospitals at west bank. This training specifically aims to discuss the broader health care system, identify professional issues relating to the clinical leader's role, and identify key structural factors shaping decision making and problem-solving for a clinical leader. This workshop was led by Mrs Aida Zawahra, Human Development Trainer.

Basic Life Support (BLS) for Physicians and Nurses-Session 17

September 01, 2018; IMET2000-PAL in-cooperation with the Ministry of Health and American Arab University-Jenin organised the Critical Core Training: Basic Life Support (BLS) for Nurses Session 17. The workshop was attended by 10 nurses from governmental and private hospitals at west bank. This workshop was led by Mr Ahmad Hodrob (American Heart Association "AHA") Instructor.

Anesthesia Programme

Dr Stefan Mense , an anesthesiologist from UK was the Second volunteer to Palestine as part of anesthesia training program to support safe global anesthesia and to run Hands on Training for the anesthesia residents. Dr Stefan accomplished his 2-week mission starting on 28/8/2018 and visited 3 hospitals : AL-Makased hospital , Palestine Medical Complex (PMC) ,Rafedia Hospital

AMEE 2018

Dr Mohammad Obeidallah attended AMEE Annual Conference, Basel 25th-31st of August 2018. His participation came after his poster about Palestinian Anesthesia training mission which is run by Imet2000 and Wafsa was accepted in the conference. The conference was an opportunity to network with others with similar interests, to hear and discuss the views of acknowledged experts, to take part in workshops and courses and to present your own work through a short communication or poster. AMEE conferences are held on a wide range of topical issues in medical education.
