IMET2000 Supports Child Mental Health by Setting up another Two Resource Rooms for Abu Dies Mixed Elementary School and Al-Jadirah School for Girls - East Jerusalem

In cooperation with the Ministry of Education and Higher Education and the Rawan Association for Child Development, IMET2000 has set up another two resources rooms in Abu Dies Mixed Elementary School and Al-Jadirah School for Girls in the suburbs of Jerusalem. IMET2000 provided a full complement of furniture, educational resources, printers and laptop computers. Resource rooms are proven to help children with learning and mental disabilities as they enhance their abilities to focus on the topic of interest and provide them with the help they need from their teachers.

Mr Bassem Rumman on behalf of the Education Directorate and the headteacher Mrs Hadeel Attallah, expressed their gratitude for IMET200 for providing the resources they desperately needed to create the ideal learning environment for children with learning and mental disabilities.

IMET2000's CEO Dr Malik Zaben stated that one of IMET2000's biggest goals is to support children with mental health and learning disabilities and their families in Palestine.

IMET2000 Supports Palestinian Governmental Hospitals in order to Combat COVID-19

IMET2000 has been one of the most important supporters of governmental hospitals in the midst of the coronavirus crisis. As such, IMET2000 has provided five Governmental hospitals with numerous packages containing surgical masks and hygiene gel in an effort to combat the virus. Where distribution included the following hospitals:

1. Hugo Chavez Hospital - Ramallah

2. Dura Governmental Hospital - Hebron

3. Thabit Thabit Governmental Hospital - Tulkarem

4. Ramallah Governmental Hospital - Ramallah

5. Al Askari Hospital - Nablus

The directors of the hospitals expressed their thanks to IMET2000 and stated that this aid is of high demand and greatly appreciated. IMET2000's CEO Malik Zaben stressed that IMET2000's cooperation with the Palestinian Ministry of Health is of utmost importance to combat coronavirus effectively.

IMET2000-Pal Team Meet the Head of Health Education and Scientific Research Unit at the Palestinian Ministry of Health

December 15th, 2020; Mr Fadi Zaben and Dr Mohammad Obeidallah had a meeting with Dr Abdallah Alkawasme Head of Health Education and Scientific Research Unit at Palestinian Ministry of Health, to discuss the training and the strategies of collaboration and start a new chapter in 2021. Also how IMET2000 is ready to provide some training for staff in governmental and private hospitals.

IMET2000 Organised a Basic Life Support Training Workshop This December

December 9th, 2020; IMET2000-PAL in cooperation with American Arab University-Jenin organised the:

Critical Core Training: Basic Life Support (BLS) for Physicians and Nurses

from Al-Askari governmental hospital – Nablus at American Arab University-Jenin. The workshop was attended by 7 doctors and nurses. This training prompts physicians and nurses to recognize several life-threatening emergencies, give high-quality chest compressions, deliver appropriate ventilations and provide early use of an AED according to American Heart Association Guidelines. It led by Mr. Farid Abu Leil (American Heart Association “AHA”) Instructor.

IMET2000-Pal Team Meet the Head of Emergency Unit at the Palestinian Ministry of Health

December 2nd, 2020; Mr Fadi Zaben and Dr Mohammad Obeidallah had a meeting with Dr Mustafa Alkawasmi Head of Emergency Unit at Palestinian Ministry of Health, Mr Omar Hussein Ali Director of ambulance and disaster department and Nihaya Hussein Director of the emergency department, to discuss the outcome of 2020 training and the strategies of collaboration in 2021. And how IMET2000 is ready to provide some training for emergency staff in governmental and private hospitals.
